PROFESSIONAL SUMMARY

Computer Engineering student with an interest in software development and game-related technologies. Experienced in frontend development with React and backend development using Node.js and MySQL. Motivated to learn and contribute as a software engineering intern at Dream Games.

EDUCATION

B.Sc. in Computer Engineering

Kütahya Health Sciences University — Kütahya, Türkiye

09/2025 – Present

B.Sc. in Computer Engineering

Ardahan University — Ardahan, Türkiye

09/2023 – 06/2025

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Python, C# (Basic)

Frontend: React, HTML5, CSS3

Backend: Node.js, Express.js, MySQL

Concepts: Object-Oriented Programming (OOP), Algorithms, Data Structures (Basic), REST APIs

Tools: Git, GitHub

PROJECTS

Game Mechanics Practice (Match-3 Logic)

- Implemented basic match detection logic using a 2D grid structure.
- Practiced tile swapping and simple game state updates.
- Focused on understanding core game mechanics rather than visuals.

Node.js & MySQL Backend Projects

- Built simple backend applications with Express.js.
- Implemented routing and basic CRUD operations.
- Retrieved and displayed data from MySQL databases.

LANGUAGE

Turkish: Native

English: A2
